

Blessings Beyond the Bright Lights

REDEMPTION, RECOVERY, RESTORATION

Since 1970, the Mission has been providing hope and change to the homeless, addicted, mentally ill, and others in need.

The Las Vegas Rescue Mission strives to be the model for providing hope and change to the homeless. As the only agency left in town that can treat absolutely everyone, no matter their means, we make sure that no individual or family who is in legitimate need has to go without. In 2019, we provided thousands of people who were homeless with assistance.

- We served **400,000 meals**
- We provided **64,500 nights of shelter**
- We gave out clothing and basic needs items to over **4,900 people**

Beyond food, clothing, and shelter, the Mission operates a 6-month residential addiction and recovery program where men and women learn skills empowering them to become sober.

Our Campaign Vision

Increase the number of beds available by 118 and build our program capacity.

Our plans to increase our capacity will add another 118 beds. Upon completion, there will be 412 beds available to house and heal the homeless and those in need of addiction services. This new space will give the Rescue Mission a much-needed makeover, as the buildings are slowly deteriorating, and we lack room to expand our programming. With the new, modern facility, we will be able to do so much more to help homeless individuals and families regain their dignity and the hope they need to build better lives.

The campaign consists of six phases:

Phase I: Shelter of Hope for Women, Children, and Families	\$9,200,000
Phase II: Intake & Security Building	\$4,000,000
Phase III: Administrative Building & Chapel	\$4,000,000
Phase IV: Parking, Kitchen Storage, Warehouse	\$2,400,000
Phase V: New Thrift Store & Receiving Warehouse	\$1,300,000
Phase VI: Remodel of Men's Recovery and Overnight Shelter	\$2,100,000
Total Campaign Costs	\$23,000,000

Our goal is to raise \$9,200,000 million for Phase I by June 2022.

Phase I

Shelter of Hope for Women,
Children and Families

Shelter of Hope

There are hundreds of homeless women and children. The Rescue Mission addresses the needs of the homeless by providing them with shelter, meals, and all of the services they need to stay together. This new facility will consist of three floors spread over 29,500 square feet. The first floor includes a children's indoor area, a family area, a computer room, a children's outdoor area, and many more spaces that provide opportunities for families to come together. The second and third floors include the main living areas, a training room, living room, family room, kids toy room, study area, and lounge area. These spaces, when filled with women and children, will come to life and have a home environment that offers shelter, tranquility, and peace of mind. Most importantly, the Shelter of Hope offers blessings beyond the bright lights and harsh living of the streets.

Blessings Beyond the Bright Lights Naming Opportunities

IT'S NOT JUST A CAPITAL CAMPAIGN IT'S SO MUCH MORE

This campaign will transform the way services are provided to homeless individuals and families in our community. We want to end homelessness one person or family at a time. In order to do this, we are adjusting the way we address homelessness.

With your support, we will transform our current facilities into a modern campus that will **serve the homeless and empower them to rebuild their lives**. We will be able to expand our programs and offer new ones that will help get people off the street and closer to self-sufficiency.

You can be part of the solution and our future!

Be part of our future and make a difference in the lives of the homeless by supporting the Blessings Beyond the Bright Lights Campaign.

Together, we can move more people off the streets and into stable lives with housing, employment, and sobriety.
